AF-2000

Efficient, highly reliable, and built with the ideal capacity for everyday performance, the AF-2000 is a dependable workhorse unit. This fully mechanical dispenser delivers hot, cold, and ambient water, and features an LG compressor along with a 2-gallon cold tank.

Equipped with a newly redesigned dual-function mechanical paddle, the AF-2000 can dispense both hot and ambient water from a single spout. This innovative design preserves the classic two-spigot, two-paddle mechanical layout while still providing access to three water temperatures.

SPECIFICATIONS & FEATURES

Dimensions: 13.25" W x 15.25" L x 43.5" H

Cold Tank 2 Gallons

Hot Tank 1 Gallon

Cooling Rate: 3 Gal/hour 37-50°F

Heating Rate: 2.8 Gal/hour 180°F

LG Compressor

Anti-Microbial Panels

Hot & Cold Water

Hot Water Safety Lock

Hot Power Consumption 1000W

Cold Power Consumption 100W

110V~127V AC / 50-60Hz

110V~127V AC / 50-60Hz

FILTRATION OPTIONS

01

4-Stage Filtration

- Stage 1: Sediment
- Stage 2: Pre-Carbon
- Stage 3: Reverse Osmosis
- Stage 4: Post Carbon Filter

02

5-Stage Alkaline Filtration

- Stage 1: Sediment
- Stage 2: Pre-Carbon
- Stage 3: Reverse Osmosis
- Stage 4: Post Carbon Filter
- Stage 5: Alkaline

AF-2000

Large Dispense

Easily refill mugs, glasses, and sports bottles.

Child Safety Lock

Hot water safety lock helps protect against accidental burns.

Easy to Clean

Made with durable, easy-to-clean materials.

Hot & Cold Water

Enjoy refreshing cold water and ready-to-use hot water anytime.

Energy Efficient

Designed for efficient everyday performance.
